

Dynon D10/D100 Series Trade-In Program Rebate Form

Thank you for being a Dynon customer. We appreciate it!

The purpose of the D10/D100 Series trade-in program is to thank you for being an ongoing customer as you purchase a new SkyView System. The idea is that we will refund you half the retail price of your D10/D100 Series EFIS and EMS products when you purchase a similar SkyView System.

The steps of the refund process are:

1. Purchase a SkyView System, either directly from us or from an authorized dealer. **Save your receipt.**
2. Once you have removed your D10/D100Series products from your airplane, package them and send to us by whatever shipping method you wish. You are responsible for shipping and insuring your products.
3. Please complete the other side of this form, and include it with your shipment.
4. Include a copy of your SkyView purchase receipt which shows the price you paid, either from us or a dealer.

IMPORTANT NOTE: This form and a copy of your SkyView receipt **MUST** be sent back to Dynon.

5. We must receive your D10/D100 Series products, this form, and a copy of your SkyView receipt **within four months of your SkyView purchase.**
6. Dynon will then send you a check in US\$ Dollars according to the trade-in payment schedule on the reverse side of this Form.

Offer Details

1. You may return your Dynon EFIS and/or EMS products as a trade-in for a new SkyView System.
2. This offer does not include minor accessories and consumables, like OAT probes, wiring, and batteries. The complete list that can be exchanged is shown on the other side.
3. The set of products being traded in must go toward a similar SkyView system:
 - *Trade-in transactions must include the purchase of at least one SkyView display.
 - *An EFIS product must be traded in toward a system with an AHRS.
 - *An EMS product must be traded in toward a system with an EMS module.
 - *A combination EFIS/EMS product must be traded in toward a system with an ADAHRS and EMS module.
 - *An additional EFIS or EMS product, beyond a first set of EFIS/EMS combination, requires an additional SkyView Display.
 - *AP74 and HS34 products can be added to any qualifying trade-in for additional credit.
4. You must purchase the SkyView System by December 31st, 2010, to be eligible. You must send in the old equipment, your SkyView receipt, and this form within four months of the SkyView purchase date.
5. Dynon reserves the right to clarify and modify this offer at any time. If you have any questions, please request a clarification before purchasing a SkyView System by emailing your proposed trade-in to:

tradein@dynonavionics.com or calling 425-402-0433

We want to make this offer reasonable and fair, so in case of questions please ask!

Thank you,
Dynon Avionics
