Meet The New 12" SkyView HDX

Maximum Squint-Reducing Technology

The New SV-HDX1200 12" Display

NEW 12" Display

10" Display

7" Display

The new SV-HDX1200 12" display features the largest high-resolution, sunlight-readable screen ever offered by Dynon: perfect for the brightest cockpits and the most "experienced" eyes. Additionally, the SV-HDX1200 maintains full compatibility with all existing Dynon Skyview modules, harnesses, and accessories, and can be mixed and matched in a panel with 10" SV-HDX1100 and 7" SV-HDX800 displays.

There's a reason pilots...
